

Pleasant Valley School "Pioneers"

When You Join the "Pioneers"...
You help maintain the legacy of those who came before us!

Many years ago, when the doors of the **Pleasant Valley School** opened at its current location in **1887**, Boerne was a small rural community and San Antonio was two days away by horse and buggy. **Since then its students, teachers, administration and community patrons made our country live, breathe and thrive.** The days of the one room school house will never be duplicated which makes our school a unique reflection of the history of the Hill Country and a national treasure. **Our school left an imprint on this community through the success and entrepreneurship of the students that learned within.** The following is a list of the surnames of all the students and teachers (teachers are underlined) in our research to date.

Panther Creek School

As school enrollment fluctuated over time, the **Panther Creek School** (established in the late 1800's), was moved in 1950-51 from its location on Hwy 3351 near Bergheim, Texas to the Pleasant Valley School location. **The wooden structure of the Panther Creek School was transported piece by piece to the sight and local community families got together to create one school building from the two schools.** In the early 1950s, a stage was added on the West end of the building and a shed was added on the East. The following list of students and teachers of the Panther Creek School are part of the Pleasant Valley School family history.
